US 41 Project lane closures for August 19 – August 23

Traffic restrictions in Brown and Winnebago counties

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing US 41 Project lane restrictions for August 19 – August 23 in Brown and Winnebago counties. Drivers should be aware of 11-foot wide lanes and reduced speed limits in both counties and remember to use caution while traveling through any work zone. Details of all closures are included below.

Winnebago County

US 41

Drivers can expect lane restrictions on US 41 near the County G overpass construction.

Brown County

US 41

Drivers should anticipate various overnight single lane closures on southbound and northbound US 41 along the entire Brown County corridor from south of Scheuring Road to Lineville Road. Lane closures can vary along the corridor, so drivers are urged to pay attention to road signs, slow down and use caution when entering any work zone. The US 41 Project plans to have at least one lane of traffic open at all times on both northbound and southbound US 41 during construction. This does not include shutdowns by local authorities for accidents or unusual incidents (such as weather).

On Thursday, August 22, drivers can anticipate a full closure of the northbound US 41 off-ramp to Velp Avenue from 8 p.m. to 5 a.m.

WIS 29

Drivers can expect various overnight single lane closures on eastbound and westbound WIS 29 from County J to Taylor Street throughout the week.

On Thursday, August 22, southbound US 41 will be closed at WIS 29 from 10 p.m. to 5 a.m. for bridge work. The following detour will be in place:

- **Southbound US 41** traffic will take the off-ramp to WIS 29, cross WIS 29 and re-enter southbound US 41 using the entrance ramp from WIS 29

Drivers can also anticipate the following ramp closures:

Wednesday, August 21:

- Northbound US 41 off-ramp to WIS 29 will be closed overnight on from 9 p.m. to 6 a.m.
The following detour will be in place:
 - **Northbound US 41** traffic wanting to exit at WIS 29 will be detoured to exit at Mason Street
 - **Eastbound WIS 29** traffic will take Mason Street east to Military Avenue and follow Military Avenue north to eastbound WIS 29
 - **Westbound WIS 29** traffic will take Mason Street west to Packerland Drive and follow Packerland Drive north to westbound WIS 29
- Southbound US 41 on-ramp from WIS 29 will be closed from 9 p.m. to 6 a.m.
- Northbound US 41 on-ramp from Mason Street will be closed from 9 p.m. to 6 a.m.

Thursday, August 22:

- Northbound US 41 on-ramp from WIS 29 will be closed from 9 p.m. to 6 a.m.

WIS 29 on-ramp modification

Ramp modifications for drivers exiting northbound US 41 onto WIS 29/Shawano Avenue and traffic entering northbound US 41 from WIS 54/Mason St. will start Thursday, August 22 at 6 a.m. The new location for the WIS 29 northbound off-ramp will be further south near the Mason Street overpass. WIS 29 traffic can safely exit from northbound US 41 near Mason and use the new collector/distributor lanes to access WIS 29/Shawano Ave.

The northbound US 41 on-ramp from Mason St. will continue to use the roundabout to enter northbound US 41 and merge with traffic exiting to WIS 29. The Mason St. on-ramp traffic will follow the collector/distributor lanes, cross WIS 29, and access northbound US 41 via the US 41 entrance ramp from WIS 29. The ramp modifications are necessary to enhance safety during construction on US 41. The ramp modifications are expected to be in place for six to eight weeks.

All lane restrictions and work operations are weather dependent and subject to change.
